SEND Specialist Advice and Support

~~Advice Line~~

01442 453920

The Advice Line will run every day between 10am – 2pm during school term-time.

Due to the unprecedented and uncertain time we have extended our advice line service to ensure parents, carers and professionals can seek appropriate advice, support and help for a child or young person with autism, speech, language or communication needs. If you would like to discuss an issue or query, please call the number above.
